The Ecological Landscaping Association's Board of Directors is pleased to announce that Penny Lewis, our current staff member, has accepted a leadership position as ELA's first Executive Director.

Penny joined ELA as the Executive Assistant in 2006. Her experience in this position, and her enthusiasm and support of ELA over the past three years, assures that the day-to-day operation of the organization as well as the overall strategic leadership for the organization will be well met.

Serving as Executive Director, the Board of Directors believes that Penny's wealth of knowledge and diverse skills will serve her well. We expect her to play a pivotal role in the development and execution of all ELA policy and strategic initiatives in the future.
