ECOLOGICAL LANDSCAPE ALLIANCE

SPONSORSHIP OPPORTUNITIES

COMMUNITY PARTNER

Digital-First Visibility

\$450

per year

“Every thriving landscape begins below the surface. As a Community Partner, your brand takes root within the ELA community — connecting you with a passionate, purpose-driven audience of landscape professionals, horticulturalists, conservationists, and ecological advocates.”

About This Tier

The Community Partnership is the ideal starting point for organizations ready to invest in a community that shares their values. Through webinar and community forum sponsorships, your message reaches a self-selected audience of learners and doers who showed up because they care deeply about the work.

Who Is This For?

Smaller businesses, new partners, and organizations exploring fit before committing at a higher level. This is the door into ELA's community — and the first step in a partnership built to grow.
